paid Executive Directors and that kind of thing, even on the state level. The man who was running the Republican Party and doing all the nitty-gritty work at that time was a volunteer on the state level. He's still with us. He still lives here in Lincoln, but it wasn't just quite the same. But every year Rex would get the Adams...every other year at the convention, Rex would get the delegates to pass a resolution and send it to the state and say we want, in effect, we want a financial statement from the State Republican Party. And the man who ran it would send a note back saying we don't have any money, there's your financial statement. Well, this was kind of a joke with some of us but Rex was very serious. But it just points up the fact, and he was on the county supervisors in Adams County, along with he and his wife; Phyllis was a beauty queen, a nurse. She did the school nurse work in Imperial I think from the beginning when they moved there and up to now. So they're a very nice, good, devoted couple and I was sorry to hear when Rex was having real health problems because when it comes right down to it, given everything that we know about him and everything that we had when we worked with him, Rex was one of the good guys. Thank you.

SPEAKER KRISTENSEN: Senator Baker, you're recognized to close on the resolution.

SENATOR BAKER: I'd just ask that we adopt the resolution and we'll forward a copy and send to his wife, Phyllis, who still remains in the family home there in Imperial. Thank you.

SPEAKER KRISTENSEN: Thank you. You've heard the closing. The question before the body is the adoption of LR 63. All those in favor vote aye; all those opposed vote nay. Have you all voted? Please record.

CLERK: 36 ayes, 0 nays, Mr. President, on the adoption of LR 63.

SPEAKER KRISTENSEN: LR 63 is approved. LR 31.
